Description :

Prsentation de l'diteurFresh, clean, and SIMPLE. Album Moxie makes designing photo albums a breeze. For a lot of photographers, album design is synonymous with headache. The hours (and hours!) spent designing are usually followed by weeks (or even months) of revisions, making for a painful experience for everyone involved. But it doesnt have to be that way! This book will show you how to combine the right tools with a simple strategy, making it possible (even easy) to design basic albums in seconds, and custom wedding or portrait albums in an hour or less. By the time you finish the book, youll have a beautiful, finished design thats ready to be ordered! Overhauling the entire approach to traditional album design and marketing, Album Moxie shows how albums can be as good for your workflow as they are for your bottom lineall while adding value for your clients. This fun, spunky, and no-nonsense book: Provides a simplified approach for photographers looking to create and market wedding and portrait albums Walks through the entire album process, from choosing a vendor to exporting production-ready files Guides readers step by step through the design, retouching, and exporting of an actual 20-page album Covers all the necessary tools, including the
