Description :

Prsentation de l'diteurDaniel tells me that he's always loved me. That I feel the same. That I always have. Not just in this life, but in my last life, and all my lives before. But I don't remember him. He says he is always searching for me. Always hoping that one day I will remember. But it is only he that carries the memory of our love. I know that finding true love is never easy. Perhaps you have fought for it. Perhaps, like Daniel, you have endured the pain of it being unrequited. But I hope your quest ends happily. I hope you never have to face the heartbreak that inevitably awaits us. This is our extraordinary, unforgettable story.Revue de presseA well-written love story (Heat)There are a lot of books I like and there are a lot of books I love and this is by far a love that I'm sure if I was to read it again and again I would see it a new light

It's a book that will inevitably draw comparisons to *The Time Traveller's Wife*, and stands up well to that modern classic. (News of the World)It has everything you could want from a good book . . . I cannot recommend this book highly enough . . . I suggest you all add it to your summer reading list. You won't be disappointed. (daisychainbookreviews.blogspot.com)'It's the type of book that takes all those questions we ask ourselves about destiny and the meaning of life and explores them so convincingly that it's almost as though the author has stumbled upon a secret. Magical'. (I Was A Teenage Book Geek)'[T]his beautifully written novel is already on its way to becoming a Hollywood movie'. (Star Magazine)'This clever story about someone trying to catch-up with a long lost love, will be a hit with fans of Branshares'. (Press Association)A magical, suspenseful, heartbreaking story of true love... (American Saturday)My Name is Memory is a captivating, open-ended story that begs for a sequel. I'll be watching for it.
