## Description :

Prsentation de l'diteurCollects RAT QUEENS #1-5Who are the Rat Queens? A pack of booze-guzzling, death-dealing battle maidens-for-hire, and they're in the business of killing all god's creatures for profit. It's also a darkly comedic sass-and-sorcery series starring Hannah the Rockabilly Elven Mage, Violet the Hipster Dwarven Fighter, Dee the Atheist Human Cleric and Betty the Hippy Smidgen Thief. This modern spin on an old school genre is a violent monster-killing epic that is like Buffy meets Tank Girl in a Lord of the Rings world on crack!Revue de presse If you're looking for an M-rated series that is full of swordplay, sorcery, and sass, and you don't mind a bit of gore thrown in for good measure, you'll love this. Betty, Dee, Hannah, and Violet are mercenaries for hire who can drink a troll under the table, use language that would

make an orc blush, and mercilessly eviscerate baddies. Off on a minor "quest" in order to make up for their drunken brawling, this kick-ass quartet soon realizes that someone or something wants them very dead. Making them dead, however, is far easier said than done. It's not just the fantastic pacing of Wiebe's (Peter Panzerfaust, Debris) text or former video game designer Upchurch's blood-sprayed action sequences, but also the characters themselves that drive the story relentlessly forward. Possessed of very different body types, personalities, and idiosyncrasies, and not afraid to share exactly what they're feeling, the Rat Queens are refreshing characters whose story will leave readers thirsty for more. "Offer this to readers tired of the same old comics featuring cheesecake depictions of female characters or to readers who like intelligent plots with a side of smart aleck." -Booklist
