Description :

Prsentation de l'diteurNEW YORK TIMES BESTSELLERJason M. Houghs pulse-pounding debut combines the drama, swagger, and vivid characters of Joss Whedons *Firefly* with the talent of sci-fi author John Scalzi. In the mid-23rd century, Darwin, Australia, stands as the last human city on Earth. The world

has succumbed to an alien plague, with most of the population transformed into mindless, savage creatures. The planets refugees flock to Darwin, where a space elevator created by the architects of this apocalypse, the

Buildersemits a plague-suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow immunes, he leads missions into the dangerous wasteland beyond the auras edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts to malfunction, Skyler

is tapped along with the brilliant scientist, Dr. Tania Sharmato solve the mystery of the failing alien technology and save the ragged remnants of humanity. Praise for The Darwin Elevator A hell of a fun
