Teaming up with a young mother whose daughter went missing, he tracks his child across the country in a dangerous, desperate race against time.From the internationally bestselling author of Panic, The Last Minute is the most heart-stopping thriller of the year, from 'one of the best thriller writers of our time' (Harlan Coben).Revue de presse"Abbott is one of the best thriller writers in the business, and he delivers action and complex characters in an explosive cocktail. The next Capra novel cannot come fast enough."Associated Press"Like

Adrenaline, this is a fast-paced thriller with a likable, morally conflicted hero. Sam is in a difficult situation, seemingly forced to commit murder to find his son, and this is a testament to Abbott's skills as a storyteller—we really don't know whether he will follow through. The book ends on an upbeat note, giving Sam a certain amount of closure. Still, let's hope Abbott isn't through with Sam. He's a very well drawn character, and it would be nice to see him again."Booklist" This is the second in the Capra series, and he hasn't slowed down. It has killings, betrayals, big-time conspiracies and action galore."The Oklahoman" The Adrenaline rush that won't stop."San Antonio Express-News" [An] edgy, seat-of-your-pants spy caper."Entertainment Weekly on Adrenaline" Outstanding . . . genuinely moving . . . Abbott hits full stride early on and never lets up. Readers who thrive on a relentless narrative pace and a straight line to the finish won't be disappointed."Publishers Weekly (starred review) on Adrenaline" Extremely compelling . . . a thriller that will get even the most jaded reader's pulse racing . . . a grand slam home run."Associated Press on Adrenaline Presentation de l'diteur They framed me.
