Description :

Prsentation de l'diteurTHIS eBook SERIES IS A TWO VOLUME SET, WHICH INCLUDES VOL. 1 - Scalping Forex with Bollinger Bands Maximizing Profits AND ALSO VOL.2 Scalping Forex with Bollinger Bands: Taking it to the Next Level Many of my readers are already building consistent profits from my lucrative Bollinger Band trading method. My first eBook, Scalping Forex with Bollinger Bands Maximizing Profits is truly a best seller because the trading method is effective, easy to understand, and very simply finds and creates lucrative, consistent Forex profits. The book comes with web links and instructions to download a Metatrader 4 template of my personal settings, that make spotting low risk entries and higher yielding target orders very easy. In my second eBook on Bollinger Band trading method, I further elaborate and fine tune the Bollinger Band trading system to find even more trading opportunities and maximize profits even further, by overlaying a new 100 MA Bollinger Band template, that really makes Trading it to the Next Level even more profitable. You wont need Fibonacci levels or pivot points anymore, because this new trading system is more in tune, and adaptive to real time actual price action, and is ever changing, and allows you to spot the more profitable opportunities sooner, and thus gain a real trading advantage. This second eBook, Trading it to the Next Level comes with the new MT4 template that literally exploits the market of countless new opportunities to profit from on any time frame you prefer to trade and feel

comfortable with. What really gives this new, complete new trading method a real edge over other traders, is that you will find the precise spots in market price action that allow smaller targets and allow therefore more profit potential on any time frame! I can very easily spot opportunities on a 15 or 30 minute, hourly, or even a daily basis that add up to cumulative profits of 100 or more pips per week, which really is very attainable, trading even just part time! You can buy these books individually, or you can save 20% when you buy them through this special offer, which can be found nowhere else, but .com ---- only 7.99 US dollars for both

books. You can always email me with any questions, and I will help you become consistently profitable trading Forex. As long as I live, I will devote my life to helping others succeed, for I have been blessed with this God sent knowledge! In these books, you will also get a link to my website, and have personal access to my actual trades sent to you in real time, via email --- remember, I trade only part time and make over 100 pips per week, and now you can too! These books together will bring you very close to the Holy Grail of
